Doral 265CU

Welcome to the new generation of Doral sportboats!

Carefully crafted and designed by our experienced R & D team – the new Elite line of sportboats will raise the bar for all other sportboat manufacturers.

One look at the new line and you'll see for yourself what sets Doral apart from the competition. On the Elite you will see the quality and unique touches you've come to expect in a Doral boat - with a few added touches - the optional cabaret interior, rich mahogany wood, electric aft expandable sun deck and helm seats designed exclusively for Doral with the most advanced technology. The dead rise angle is more pronounced than in our previous models - Those who have test driven the boat have stated that it is quite possibly one of the greatest hulls produced by Doral
