Doral Mediterra

The newest addition to Doral's Sport Yacht line up is the all new Mediterra

Doral's European design as we unveil our newest luxury vessel. The cockpit, outfitted with refreshment bar, swim platform shower and non-skid backing deluxe Berber carpets is sure to please.

Varnished wood companionway steps lead to the cozy cabin, decorated with your choice of colors and fabrics. The cabin offers a large below floor storage compartment, built-in sky light and a full-height hanging locker with aromatic cedar lining.

The Mediterra's galley makes one feel right at home with its double burner electric stove, stainless steel sink and deluxe fridge with separate freezer. Enjoy entertaining in the lounge at the cherry wood table and crescent-shaped lounge seats (which also converts to a bed).

Sleep in privacy and comfort in the forward stateroom with queen size island bed. The forward head and shower is accessible through a 100 percent fiberglass privacy door. The separate shower offers a seat with storage and removable draining floor.

A queen size bed and privacy door makes the aft cabin comfortable. Outfitted with reading lights and under bed storage, the aft cabin also has private access to the aft cabin head and shower.
